- Cookies (or browser cookies). A cookie is a small file placed on the hard drive of your computer. Most web browsers automatically accept cookies. You may refuse to accept browser cookies by activating the appropriate setting on your browser. However, if you select this setting, you may be unable to access certain parts of our

Services. Unless you have adjusted your browser setting so that it will refuse cookies, our system will issue cookies when you direct your browser to our Websites. Our third-party partners also employ clear gifs, images, and scripts that help them better manage content on our site. In particular, OVOU uses Google, Facebook, and LinkedIn for advertising to reach audiences with targeted advertising in accordance with the privacy policies of such third parties.

- Flash Cookies. We may use local shared objects, also known as Flash cookies, to store your preferences such as volume control or display content based upon what you view on our site to personalize your visit. Third parties, with whom we partner to provide certain features or to display advertising based upon your browsing activity, use Flash cookies to collect and store information. VI. INFORMATION SECURITY

We use commercially reasonable measures to store and maintain your Personal Information in a secure environment. However, you should assume that no data transmitted over the Internet or stored or maintained by us or our third-party service providers can be 100% secure.
